Have a nice day

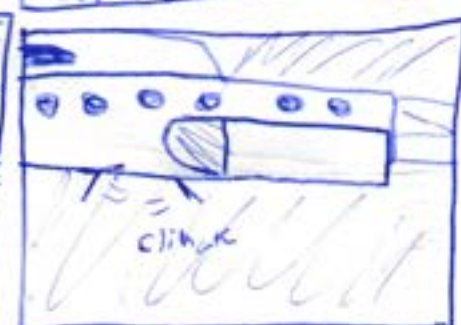

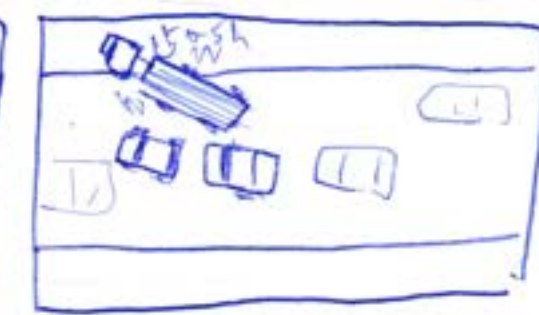

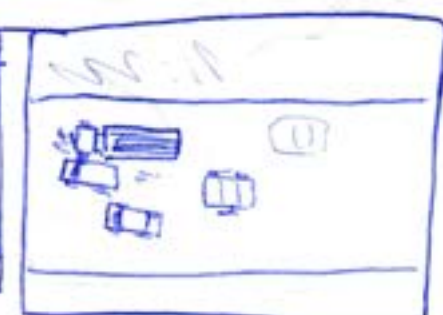

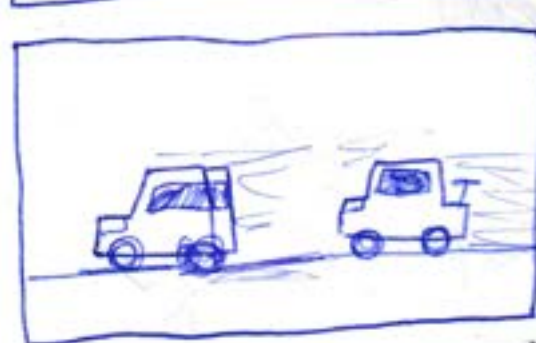

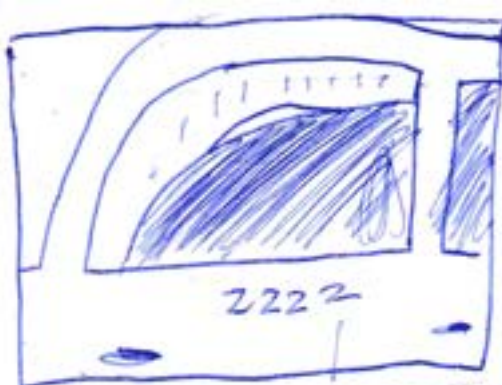

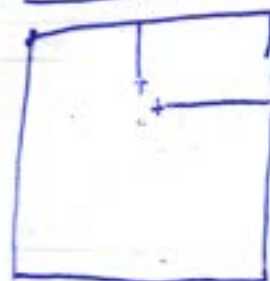

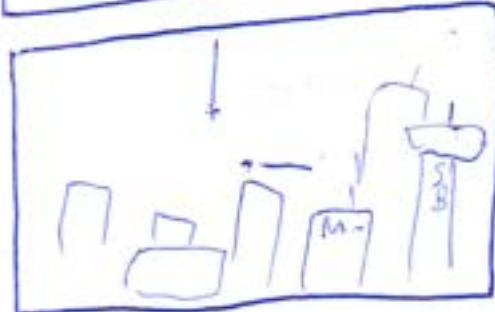

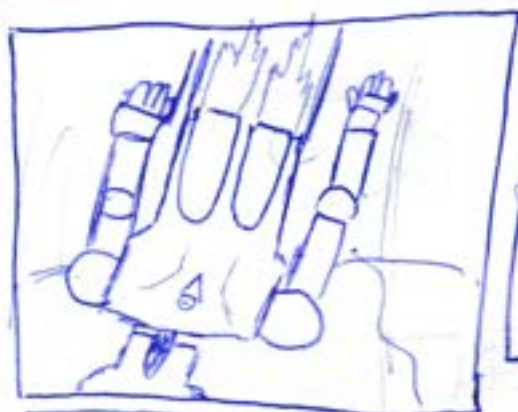

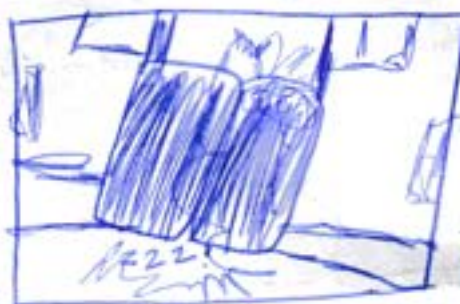

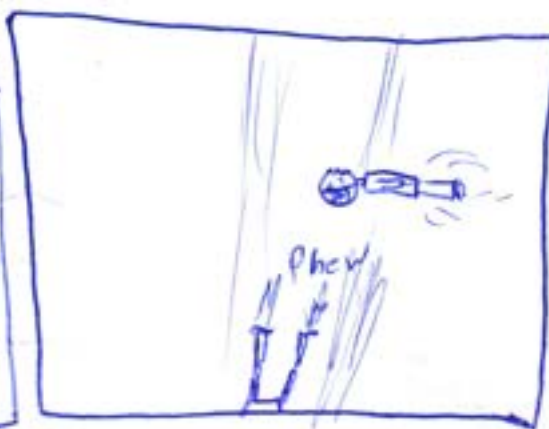

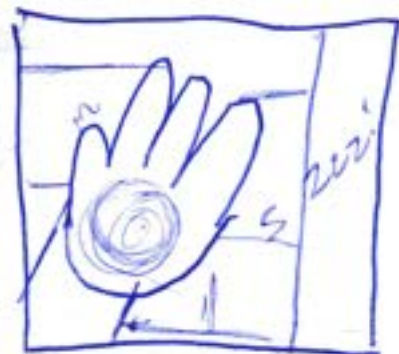

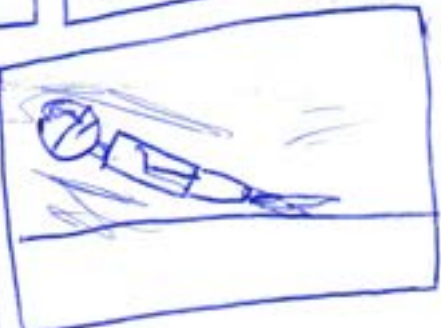

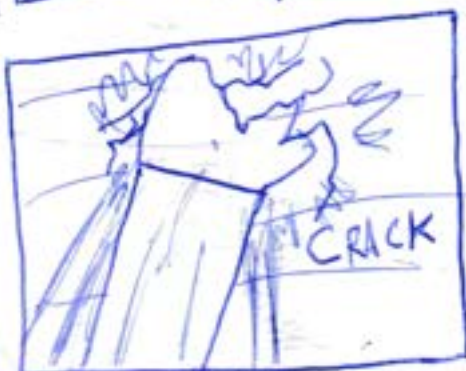

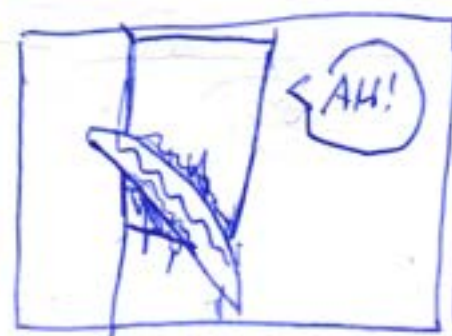

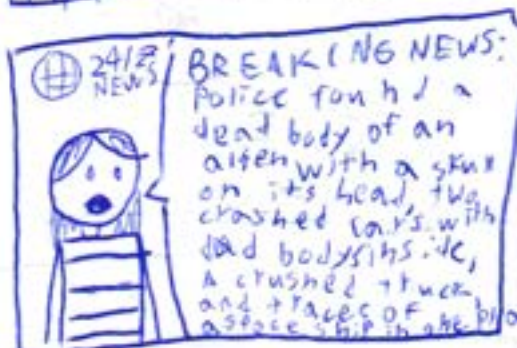

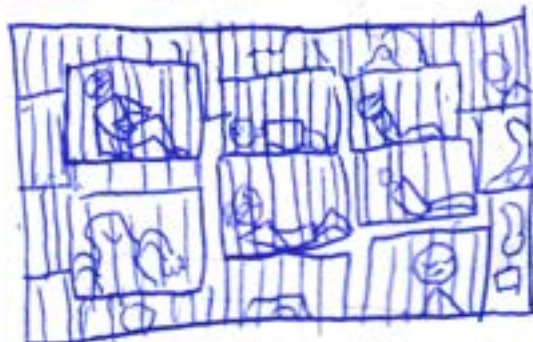

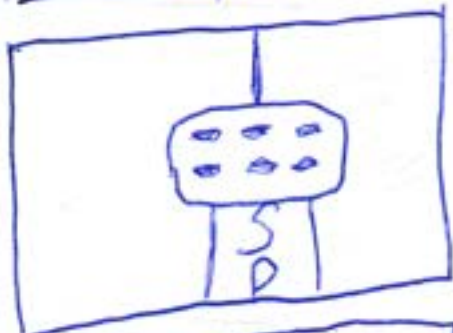

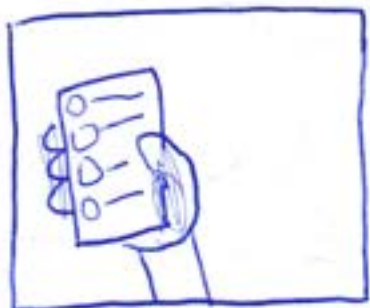

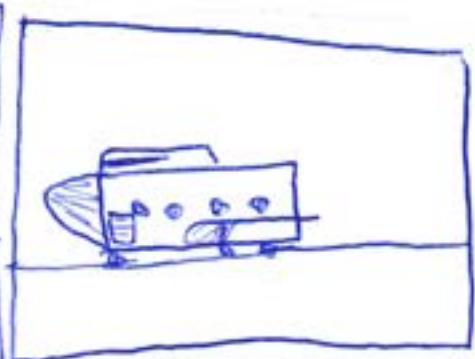

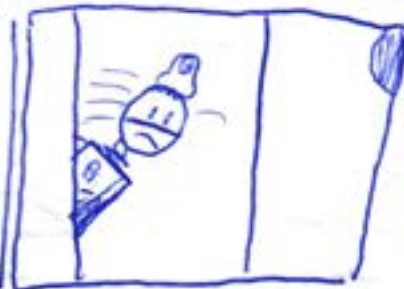

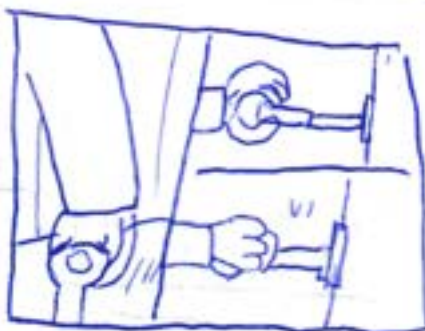

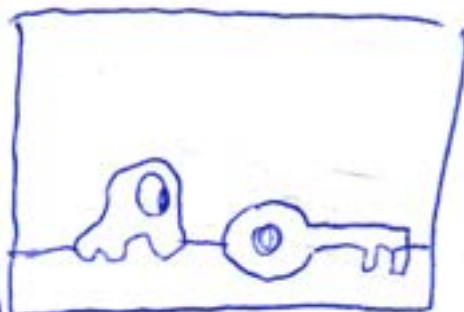

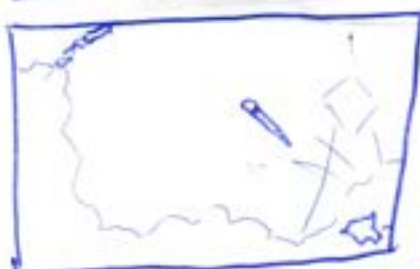

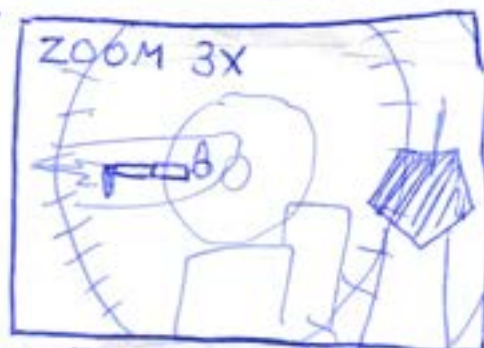

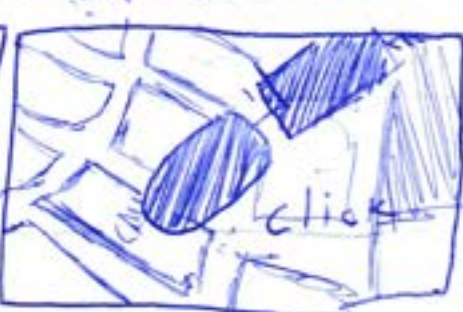

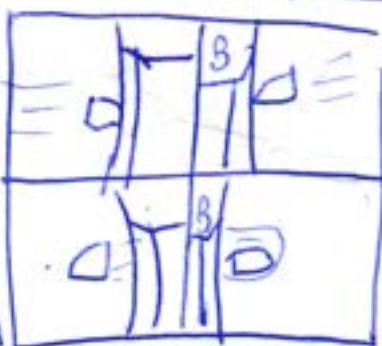

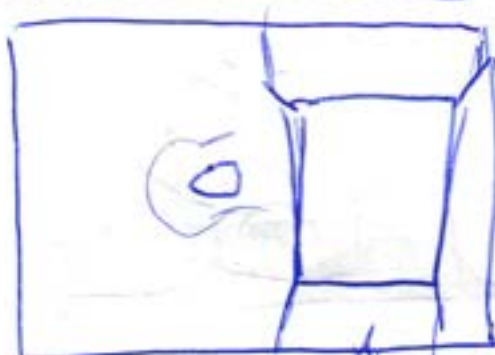

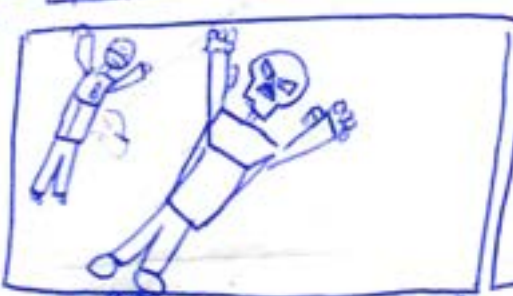

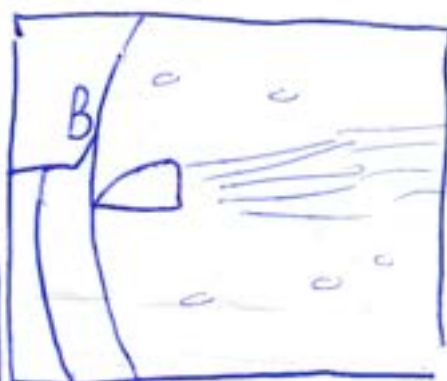

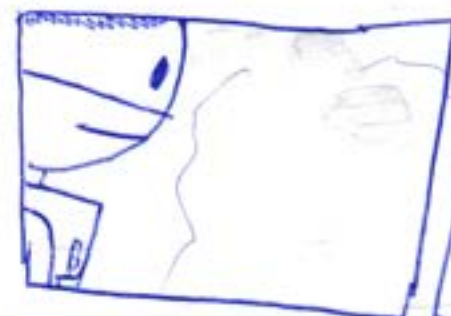

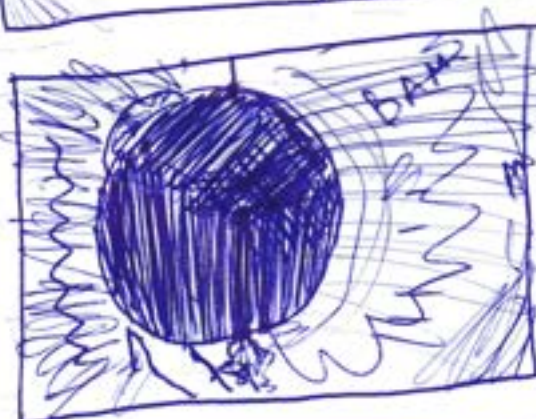

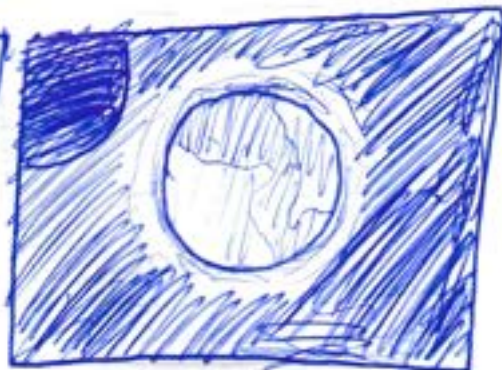

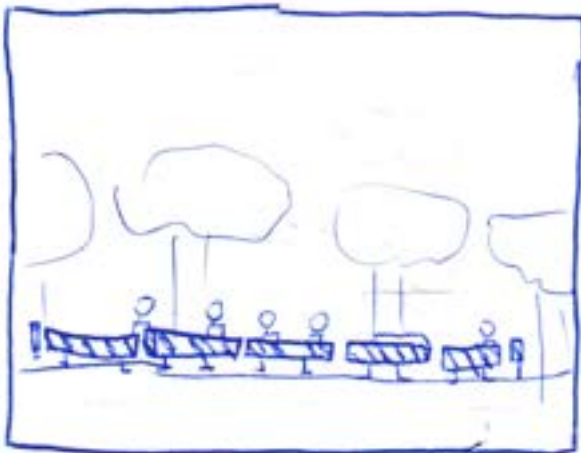

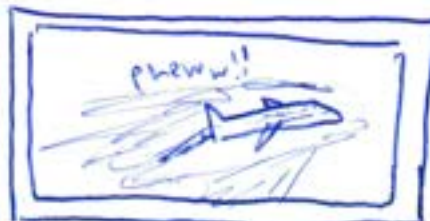

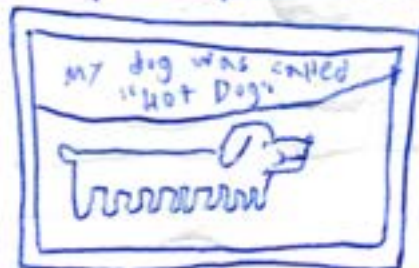

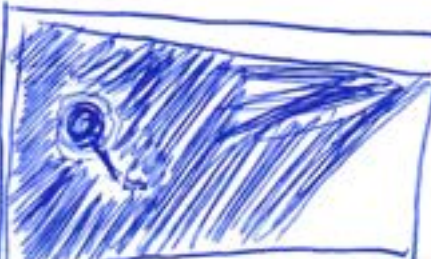

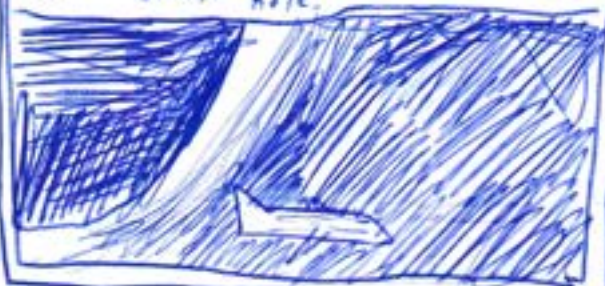

After a few days of eating whats in the cargo hold, we passed a black hole.

The radiation got to the spaceship.

And as the aliens dont get affected,

I did.

Making me strange

And I realised
It also gave me
black hole powers

And I've been living here ever since we arrived

MOST WANTED

They saw that I wanted revenge

So the start of mass-producing robots

Called the dead state

Just like the one I killed earlier

My goal is to get revenge and get out of here

A similar thing happened to me.
